District Court

The regular sittings of the District Court opened yesterday before Judge Lees with rather a small docket, there only being six small debt cases to come before him, some of which have already been settled:

Henderson vs. Howson.
Campbell vs. Johnson.
Geiselman vs. Millward.
Rowland vs. Jones.
Hill vs. Geiselman.
Great West Life vs. J. C. Moore (settled).

Special Session

District Court

His Honor Judge Lees held a special sitting of the District Court last week to dispose of two criminal cases, one for passing worthless cheque and the other for demanding money with menace.

Thos. Graham was up for passing a worthless cheque at the Arlington Hotel, a few months ago and was given six months in the Lethbridge penitentiary to ponder over his very foolish act.

Harry Wheeler was convicted of demanding money with menace, and was given seven months in the penitentiary at Lethbridge. Wheeler, it will be remembered, was one of the gang in Red Deer when Chief Bell was shot, and he demanded money from a citizen and threatened him if he failed to do so. The sentence was merited, and should be a warning to evildoers that in Red Deer they will get all that is coming to them.

"When Knighthood Was in Flower"

An announcement sure to please local theatregoers of Red Deer is that of the appearance of Anna Day in "When Knighthood Was in Flower," at the Lyric, Wednesday evening, Nov. 1st. Her triumphant tour of the country in this play last season was one of the notable successes of the theatrical year, and her delightful impersonation of "Madcap Mary Tudor" has earned Miss Day to her audiences wherever she has appeared. One critic wrote, "In the charm of Anna Day's own personality, her beauty and to the glory of her great blue eyes one might imagine Charles Major's wilful and lovable heroine to have stepped from the pages of romance to the actuality of the stage. Like the fascinating creature she impersonates, Anna Day is gifted with the power to move with her tears and to cheer with her smiles and beauty of face and figure, a most fascinating presence, eyes that beam with gentleness or flash with fire of great emotion, a beautiful voice that soothes with its softness or thrills with passionate utterance, and you have Anna Day, the "Mary Tudor" of the romances. At the Lyric Theatre, Wednesday evening, Nov. 1st. Reserved seat sale at Gaetz-Cornett store opens Saturday, Oct. 28.

To Develop Coal Areas of Brazeau

Winnipeg Company Capitalized at Ten Million Dollars

Ottawa, Oct. 22.—The Canadian Gazette announces the organization of the Coke and Chemical Company of Winnipeg, capitalized at ten millions and with headquarters in Winnipeg. The directors are T. D. Thompson, D. B. McDonald, A. E. Wilkie, E. B. Fisher and Edward Leslie.

Winnipeg, Oct. 22.—Locally it is understood that the new company would establish an industry in the Brazeau mines by which the coal would be reduced to coke and its by-products. The company has two claims, one at Brazeau and one at Entwistle.

The latter plant may be established in Winnipeg for breaking up tar into its by-products. At the mines a large number of men will be employed.

Eventually You Will Come to See Me, Why Not Now?

It will pay you to wait and have M. Mecklenburg, a M.A. University graduate and a specialist of 25 years' experience to examine your eyes properly with the "Shadow Test," safe, reliable, and satisfaction guaranteed. Charges are moderate. Will again be at Alberta Hotel, Nov. 8th. Edmonton Office, 313 Jasper E. Archibald Building.

The annual banquet of the Red Deer Curling Club was held at the Windsor Hotel on Monday evening last, and to say it was a success would be putting it mildly indeed. Mine Host Stephen Wilson was put to it to find seating accommodation for the large number present in his large dining room, and the menu was fit for a king. Oysters, salmon, chicken, tongue, ham, beef, vegetables, salads, custards, cakes, pies, ice cream, fruits and other dainties in great abundance loaded the tables.

After all had satisfied the inner man, President R. C. Brumpton called the meeting to order and reviewed the past season's work, after which he called for the toast to the King, which was followed by the National Anthem.

The toast to the Royal Caledonia Curling Club was coupled with the name of W. G. McKenzie.

The toast "Red Deer Curling Club" was proposed by Dr. Gray and was responded to by R. C. Brumpton and T. A. Gaetz.

The toast "The Ladies" was proposed by Mr. Seymour and responded to by Stuart Cunningham.

The toast "Other Sports" was proposed by J. A. Carswell and responded to by Horace Meares.

PRESENTATION OF CUPS.

The Club Cup, known as the Grand Challenge, won by Dr. Playton and his rink, A. R. Gibson, E. Kane and A. F. Turnbull, was presented to Mr. Gibson in the absence of Dr. Playton. Mr. Gibson made a suitable reply.

Dr. J. Collison made a short address, stating he was glad to see so many representative citizens present. Curling was the best kind of sport, clean, invigorating and healthy. He was an enthusiastic curler, but he had a kind of hazy idea his ship was glad when he couldn't play—he wasn't sure; but he was going to learn the gentle curves if it took all winter. He congratulated the club on the success of this banquet.

Harry Wallace favored the meeting with a song.

Mayor R. B. Welliver made a stirring address, stating that although the club showed a deficit, it was really in a better condition than ever before. He was glad to see so many new faces. He spoke of the success of the bonspiel, stating the victors were so well pleased with the reception they received that they were all coming back this winter and would have a grand bonspiel. We would have it as good fellows in our curling club. It was nice to see the old timers coming in and joining with us. There was no place they would be more welcome. He hoped retiring President Brumpton would be able to be with us at the bonspiel, and regretted very much his departure for the coast.

H. H. Humber and his rink, consisting of Mann, Hall and Stone, were then presented with the Brumpton Trophy, Mr. Humber making a brief reply.

The Scott Cup for best curler in singles was presented to Hugh Clarke, the winner, by T. A. Gaetz.

Geo. W. Greene, in a neat speech, presented H. Wallace and his rink with the Stephenson Cup. This was a cup with a history, Mr. Wallace

said. It had to be played for to win it, and his rink had stood nobly by him in defeating all comers.

W. E. Payne presented the Payne Cup to the winners, Rev. Brown and his rink. Mr. Brown not being present, Mr. Parker made a feeling speech on his behalf.

Mr. Robinson, of Robinson & Russell, barristers, made a neat speech, and showed he was an enthusiastic curler from Nova Scotia, and will make a strong addition to the club.

Vice-President T. A. Gaetz favored the meeting with an old favorite song called The Red River Valley, and Editor Galbraith, in proposing the toast of Our Host, made the hit of the evening in a humorous speech which brought down the house.

N. Murphy was thanked for kindly lending the piano for the occasion, and Manager Babcock and his excellent orchestra, of the Lyric, also came in for the warmest thanks of the meeting for the music provided during the evening. Mr. Rutherford, who won the medal for points over all the other members, was not present with his medal as it had not arrived.

ELECTION OF OFFICERS.

The following officers were elected for the ensuing year:

Hon. President—R. C. Brumpton.
President—T. A. Gaetz.
Vice President—J. A. Carswell.
Sec'y-Treas.—Geo. Lindsay.

Executive committee—A. T. Stephenson, R. B. Welliver, Hugh Clarke, F. W. Galbraith and W. J. Stephenson.

The audit of the President and Secretary was accepted by the meeting. The President and Secretary were cordially thanked for their efforts on behalf of the Club during the past year.

The meeting came to an end by the company singing Auld Lang Syne and the National Anthem.

Before the meeting dispersed over fifty names were added to the membership of the club.

The Globe's Debt

The Toronto News has made an exposure wherein it claims that The Toronto Globe is indebted to the Post Office, and thereby the people of Canada, to the amount of \$25,000 for postage which it is alleged to have evaded on its special election editions.

It is said that The Globe declined to pay the postage rates fixed by law and informed The Toronto postmaster that the Government cancelled and the defeated Government would see them through.

After the deluge, The Globe made application to have the charges cancelled and the defeated Government cancelled the debt of \$25,000.

Apparently there is no question of the validity of the claim against The Globe; nor that the late Government broke its own laws, after being defeated at the polls, in order to shield its debt.

The present Government should investigate the matter thoroughly, and if it finds that the newspaper in question owes the people of Canada \$25,000 or any sum, it should be made to settle—Berlin News Record.

Sufferers From Piles

Zam-Buk Has Healed It.

Priation on the hemorrhoidal veins that are swollen, inflamed and gorged with blood, is what causes the terrible pain and stinging and smarting of piles. Zam-Buk applied at night will be found to give ease before morning. Thousands of persons have proved this. Why not be guided by the experience of others?
Mr. Thomas Pearson of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it, and after using three or four boxes I am pleased to say it has effected a complete cure."

Mr. G. A. Dufrene, 183-185 St. Joseph Street, St. Roch, Quebec, P. Q., writes: "I can highly recommend Zam-Buk to everyone who suffers from piles."

Magistrate Sanford, of Weston, King's Co., N.S., says: "I suffered long from itching piles, but Zam-Buk has now cured me."
Mr. William Kenty, of Upper Nine Mile River, Hants Co., N.S., says: "I suffered terribly from piles, the pain at times being almost unbearable. I tried various ointments, but everything I tried failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, and used this as a last recourse. I would give this balm a trial. After a very short time Zam-Buk effected a complete cure."

Four Years in Penitentiary

James McDonald, a half-breed who was arrested in Lacombe by Corporal Bailey, some weeks ago, was sentenced on Monday afternoon of last week to four years in the Edmonton penitentiary for horse stealing. The case was heard by Mr. Justice Scott, at Wetaskiwin, and the prisoner taken to the penitentiary Tuesday afternoon by Constable Ward to serve his sentence.

McDonald is a half-breed about 22 years of age, and was convicted on two charges of theft. Both horses were stolen from the Indian reserve near Wetaskiwin. One of the equines mysteriously disappeared in the month of March and the second was missed in June. McDonald was apprehended and convicted of the theft. The heavy sentence imposed was the sequence of his fondness of good horse flesh.

Stick of Dynamite in Sheaf of Wheat

Lethbridge, Alta., Oct. 14.—A separator belonging to Robert Hanna of Stirling was blown to pieces yesterday near Reifel. In some mysterious manner a stick of dynamite got into a sheaf of grain and into the separator, resulting in a terrific explosion. Fortunately no one was hurt. The machine was demolished.

British Land Tax is A Huge Joke

Will Cost \$40,000,000 and Take 29 Years to Value Lands

London, Oct. 15.—The Unionist press is at present giving over the report of the Commissioners of Inland Revenue showing how Lloyd George's 1909 budget is operating, and the bitter feeling that this aroused at the time is now recalled by many critics. For the purpose of assessing and collecting the revision and undeveloped land duties then imposed it was necessary to undertake the work of a complete valuation of all the lands of the United Kingdom. Lloyd George set about drawing up a new domesday book with a light heart.

The interest and revenue report now shows that there are eleven million hereditaments of different plots of land to be valued. For this work a veritable army of officials has been instituted. There are 172 permanent civil service officials with aggregate salaries of \$388,000, with 1,570 assistants of various kinds—draughtsmen, technical assistants and others—bringing the total salary and pay roll up to the estimated amount of \$1,408,000. To this there is to be added \$25,000 for office accommodation.

The reports give the number of hereditaments at a value of \$300,000. The actual yield in revenue so far has been \$5,810. At the present rate of progress it is calculated that the work will require 29 years at a cost of over \$40,000,000. But since March the number of officials has been "considerably augmented." The increased number of first-class appraisers adds \$68,750 to the yearly salary list.

It is now pointed out that the famous budget which started the recent Parliamentary revision, directs that all hereditaments owned by statutory companies, such as railroads, shall have no valuations in 1911. The report also shows a marked shrinkage in the value of estates passing to new owners by the death of the former ones. In 1908 the total value of such estates was 288,000,000 pounds sterling, or \$1,490,000,000. In 1909 it had shrunk to 283,000,000 pounds, and in 1910-1911 to 272,000,000 pounds. The number of "very rich," that is those whose incomes are over \$5,000 a year, and who pay 10 cents on the sovereign, in these the income tax is shown to be slightly over \$10,000,000, and the average income is about \$12,500.

Sunday School Convention

The annual convention of the Red Deer district of the Alberta Sunday School Association was held at Innisfail on Thursday and Friday, 12th and 13th of October. There was not a very large attendance.

THE WHITE FLAG.

Recently Dr. George Porter, of Toronto, passed through Alberta delivering a series of lectures on tuberculosis, preventives and cures.

Alberta is particularly free from tuberculosis. We are noted for our pure, dry air and invigorating climate. Thousands of cases can be cited where lung and throat troubles have been cured in our province that would have terminated fatally in the east. In the face of these facts would it not be well to have statistics published showing the condition of affairs in the province regarding this dread disease?

That there are numerous cases of tuberculosis in Alberta there can be no doubt, but we contend that almost the entire lot come here from the east in the hope of ultimate recovery; and many have recovered, while others have prolonged their life almost indefinitely.

Few people contract the disease here, and if what Dr. Porter says is true—that it is infectious—the reason may be that we have not had the germs in Alberta to contend with.

The News would like to see statistics showing the number of cases in Alberta brought in from other places, and the number of deaths from this disease among persons born in this province.

If this is done we believe it will be shown that few cases are contracted in our province, and we would then enter into a vigorous campaign to stamp out the plague entirely by making rules governing the disease very strict, or confining patients to sanitariums where they would have to take every precaution to prevent its spread.

As a result of preventive and curative measures in the last ten years in England and Wales, mortality from tuberculosis has diminished 10 per cent; in Scotland 24 per cent; in Ireland 24 per cent; in Germany 18 per cent; in London, England, 30 per cent, and in Paris 8 per cent. This improvement has been concurrent with a proportionate decline of the general death rate and with a

decline of alcoholism. All these declines were coincident with better housing, improved education, the social improvement of the people and their moral elevation.

A REAL SOLDIER.

The Toronto World, commenting on the new Minister of Militia in Hon. Mr. Borden's cabinet, remarks: "At last, and it is well, a real Canadian soldier is head of the militia department of Canada."

Colonel the Honorable Sam Hughes is a thorough soldier. A Canadian militia man all his life, he knows the strength and weakness of our system. No one knows the military geography of Canada better, from Halifax to Vancouver, than he. He is a human being and not a military machine, and will temper necessary discipline with reasonable common sense.

His life work, since he entered on a public career, has been to study Canada and the empire from a military standpoint. Better than that and vastly to his credit and his fame, he has faced death from Boer bullets on many a deadly South African battlefield to the end that Canada might be without shame and the empire unified. When the story of Canada's part in the South African war comes to be written, it will be found that only by overcoming almost insurmountable obstacles, and by dint of sheer enthusiastic loyalty to the flag, Colonel Sam Hughes, unaided, was enabled to do a big thing imperially.

While he is vastly popular with the Canadian militia, both rank and file, yet in Great Britain he is looked upon as the one real soldier this country has produced and his views on imperial defence are listened to with a deference accorded no other single Canadian.

Colonel the Honorable Sam Hughes comes to his post through military merit. He has administrative capacity and intimate knowledge of his department. Is it too much to expect a new era for the militia of Canada. We think not.

CAUSE FOR SATISFACTION.

It is really amazing the way the Liberal press has veered in its opinions of Premier R. L. Borden, leader of the Conservative party in Canada.

It will be remembered that it was said he was not capable of leading a government, that he had no timber wherewith to make a capable cabinet,

that after Sir Wilfrid the deluge, and many other such remarks.

As an instance of this change we quote the remarks of the Woodstock Sentinel-Review, one of the bitterest Liberal organs in Canada. It says: "In the midst of so much that is regrettable from a Liberal point of view, there are some things that afford real ground for satisfaction. One is that Mr. R. L. Borden, who is to succeed to the honorable position of Premier of Canada, is a man of fine ability and of high personal character. He has a clean record; his reputation for personal integrity is unquestioned, as he is known to be a man of high ideals as well as of good practical common sense."

Another cause for satisfaction is that Mr. Borden goes into power with such a majority at his disposal that he is lifted above the necessity of depending upon the really dangerous elements of the Opposition. The electors have given him a large measure of freedom of choice. No doubt he will use it in accordance with his own high sense of public duty. Liberals, as well as Conservatives, will hope to see him make the most of his opportunity. The people of Canada without regard to party politics will be glad to find that he is as capable of holding the confidence of the country as he has been successful in winning it."

ANOTHER STRUGGLE MAY BE AT HAND.

Canada has to fight her way into unity, equality, solidarity. She has just come triumphantly out of one struggle—that against continentalism—and she may soon be in another. Disintegrating forces must be overcome hereafter, as they have in the past. But every struggle leaves us stronger for the next one.

Our differences, whatever they may be, have ultimately to be fought at the polls. It therefore behooves Mr. Borden, as leader of the government, and the responsible administrator of the affairs of the country, to take immediate steps at the approaching session to pass a measure of redistribution, giving to the west its due representation and a fair rearrangement of the seats in the provinces, as called for by the new population returns.

It looks to us that he might do a wise thing if he appealed to the opposition to assist him in this work. If this view is right, the forthcoming session will be a rather short one,

devoted to voting the necessary supplies for this year, and for the next, and to redistribution.

To those who look below the surface the situation at the present moment is more than confused, and the best possible machinery must be forthcoming for its clearance whenever the voice of the people has to be taken to clear it. We cannot well go an unnecessary day without this machinery for a full and fair appeal to the people.—Toronto World.

Some time in 1913, says an American exchange, the Panama Canal will be opened for traffic, and by that time the amount of transcontinental freight carried from coast to coast in the United States will amount to more than 4,000,000 tons a year. The cost of moving this enormous volume of freight, says our contemporary, varies from \$11 a ton on steel rails going west to \$67.30 a ton on some kinds of westbound freight. One millions tons of fruit are sent east at an average cost of \$25.76 a ton. Steamship men believe that on a modern sixteen-knot steamer, with refrigerating facilities, the million tons of fruit can be shipped from Los Angeles to New York at a cost of \$7 a ton. These are interesting facts.

Championship Wrestling Match

Monday night of last week, Oct. 16, in the Lyric Theatre, the people of Red Deer were given the best and most scientific wrestling contest that has ever been pulled off in these parts by J. F. Ellison, of Cardston, and Axel Boode, of Lacombe. They wrestled for the middle weight championship of Western Canada. Mr. Ellison winning two straight falls from Mr. Boode. The first being in 37 minutes, secured by arm lock and scissors on the head, supplemented by a toe hold; and the second in 38 minutes by a half nelson and scissors on the body, after some very hard wrestling. At no time was Ellison in serious danger, but Boode, being so slippery, managed to get out of some very close places. Both men

are of even weight and of equal science, but from all appearances Ellison was considerably the stronger and did the most aggressive work. H. Meeres, the Fire Chief of Red Deer, was referee and gave satisfaction. The preliminary boxing was very good and was completed in two rounds. The large audience of ladies and gentlemen became very enthusiastic and great applause was displayed. Mr. Boode's friends, not being satisfied, have matched him and Mr. Ellison for a side bet of \$250.00 a side and gate on Thursday next, Oct. 20th, in the Lyric Theatre. Mr. Boode thinks with a little training he will be able to do the trick. Mr. Ellison is always in the best of condition on account of his good habits and temperate living. Do not miss the return match on Thursday next.

No Local Option Vote November 30

Called Off Until Next Year

The local option vote in the electoral districts of Central Alberta, set down for November 30th, has been called off for this fall. The reason is that the local option act, passed by the Territorial legislature fifteen years ago, has been found to be unworkable in present conditions. The decision in favor of a postponement was arrived at on Saturday by the Government, following a conference with representatives of the licensed victuallers and the Temperance and Moral Reform League. The work that the temperance people have done in securing signatures, etc., will be used as a basis for a vote after the act is amended at the next session.
